Celebrates 90th Birthday —
Perry Lapham of Clark Street, Bethel, celebrated his 90th birthday Sunday, Dec. 19. A former employee of Gould Academy, Mr. Lapham retired several years ago. Relatives called during the day.

COMMENTS FROM THE
TOWN MANAGER'S OFFICE
It seemed that the water situation at West Bethel might be solved but I guess it will be a while before the trouble is fixed. A well driller was contacted and he started to drill a well on Monday of this week. The first day he went down about 80 feet, less than the machine usually drills a day. The second day he went down another 60 feet.

Near the end of the second day something caused the material to shoot out of the hole to the top of the drilling rig. The material that came out of the hole was a very fine sand and the moisture in it made it stick to all parts of the drilling rig.

On Wednesday morning the operator of the drilling machine decided that he could not finish the job at this time. Although I did not get a chance to talk to him before he left, I understand that he is not going to bail the water system for the week he did. He indicated that he will come back next spring with a different type of drilling rig and will put in a well at that time.

I don't know if the ground water level will be maintained through the winter so that a new well can be drilled next spring. I do know that the pumps at West Bethel will not last until spring. The two pumps have run constantly for a month and I am surprised that they are running now. Something still has to be done to keep the users supplied with water.

HEARING ON PROPOSED RT. 2 CONSTRUCTION TO BE HELD DEC. 30

The State Highway Commission will hold a public hearing in Odeon Hall in Bethel on Thursday, Dec. 30, at 7:30 p. m., regarding the proposed reconstruction and possible relocation of a section of U. S. Route 2.

The purpose of the proposed work is to modernize a section of combined U. S. 2, Route 20, Route 5 in the vicinity of the Androscoggin River crossing. A hazardous curve and dip in the road would be eliminated by building a modern bridge upstream from the existing structure. A total of about 0.6 of a mile of the highway would be rebuilt. A preliminary design shows a 44-foot wide pavement between curbs. The proposed bridge would consist of three welded girder spans for a length of 400 feet and a 30-foot roadway; it would be located 110 feet north of the outmoded bridge.

Complete details of the proposed project will be explained by S.H.C. engineers at the hearing with the aid of large maps and charts. Those attending the hearing will be given an opportunity to ask questions and make statements.

FRASER SERVING ON NUCLEAR CARRIER

Engineman Second Class Orlando M. Fraser, USN, son of Mr. and Mrs. Donald M. Fraser of Bethel, will always remember Dec. 2, 1963, the day nuclear-powered warships were first used in armed combat against an enemy. He is serving aboard the nuclear-powered attack aircraft carrier U. S. S. Enterprise.

As the carrier Enterprise went into combat, launching air strikes against the Communist Viet Cong in South Viet Nam, the nuclear-powered guided missile frigate Bainbridge was again at the "Big E's" side, providing anti-air and anti-submarine defense for the world's largest aircraft carrier.

These two ships recently completed a 30-day, 16,000 mile transit from Norfolk, Va., to the Western Pacific to become the first nuclear-powered vessels to operate with the Seventh Fleet.

MAINE DRIVERS URGED TO BE 'DEFENSIVE'

Chairman of the Maine Highway Safety Committee, Jack S. Atwood, has appealed to motorists to follow the lead of State and national officials to "Drive Defensively." In the annual Christmas release by the committee chairman, Atwood said, "We have proven over the years that holiday periods are among the safest times of the year to travel by automobile. People are kept constantly aware through the news media of the impending danger of the additional traffic loads on our highways."

Atwood went on to say, "If every driver would drive as cautiously on regular days of the week, or on regular week ends as he or she does on a holiday week end, we would cut down on the traffic mishap toll by literally thousands."

"Of course," said Atwood, "the only way to combat the danger of a highway crash is to follow the advice of the National Safety Council and the Maine Highway Safety Committee, and drive defensively."

Atwood cautioned motorists to keep the control of the situation in their own hands by watching out for the other guy. "Don't assume the other person is going to stop, or do the right thing. Assume that the other person will do the unexpected, and be prepared for an out," he said.

LONG PANTS DON'T MAKE HIM A MAN

There is no short cut, no easy way to maturity and independence. You can't pass a law and make an emerging nation or group of individuals into adults, with adults' privileges and powers. Children have to grow and learn slowly, and work, and people who tell them they can be granted privileges, that they can be responsible, are raising spoiled brats, not dependable citizens.

"Spare the rod and spoil the child" applies to nations and whole peoples every bit as much as to children. All over the world as well as at home we have seen too many mobs of spoiled delinquents lately, mobs which the civilized world cannot and need not afford. 20 SECONDS WITH THE NAZARENE What Is Christmas?

Christmas is—
A cheerful child with smiling eyes,
A thrilling moment of surprise;
A happy, laughing family
Encircled 'neath a Christmas tree;
An unexpected visitor,
A welcome mat at every door;
A friendly feeling of great joy,
A manger and a Baby Boy;
And room for welcoming this One
Who is God's Gift—His saving Son!

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, December 23

Read John 3:1-8
Marvel not that I said unto thee, Ye must be born again.
(John 3:7)

On a trip to the Holy Land, a group of us were visiting in the Old City of Jerusalem and other sacred places. When we came to the "Garden of the Tomb," the guide told us we could see the places associated, either actually or traditionally, with our Lord. But he added: "The most important thing is to have Him in the heart." It made a great impression on all eighteen members of our party.

It is so very vital that we are "born again" — that we give Jesus Christ His rightful place in our hearts. In our present day when so many earth-shaking events are coming to pass, we do not know what a day may bring forth. In Second Peter we read: "The Lord . . . is long-suffering to us-ward, not willing that any should perish, but that all should come to repentance."

Jesus Christ does and will give us victory in this present life over all sin and evil if we will only let Him do this for us.

Prayer: Dear God, we thank Thee for Thy Son Jesus who is able to save us from our sins. Help us every day to walk and talk with Him, who taught us to pray, "Our Father who art in heaven . . . Amen."

Thought For The Day
Have I let Jesus come into my heart?

RALIEGH W. LINNELL
Raleigh W. Linnell who died in a Tampa, Fla., hospital on Dec. 11, at the age of 69 years was born June 2, 1896, and was the son of Winslow W. Linnell and Mary Hall Linnell of Magalloway.

He had resided in Rumford for many years and was at his winter home in Riverview, Fla. His funeral was in Rumford on Dec. 14 and burial was there.

Raleigh was a very kind, good man and will be greatly missed by his many friends in Magalloway.

He is survived by his widow, Mrs. Hazel Linnell, four brothers, Claude of Colebrook, N. H., Winslow of Wilson's Mills, Frank of Hanover, Maine, and Rodney of Peru, Maine, also several nieces and nephews.

Jerrold Vaughn of Magalloway left for an Army base at Fort Dix, N. J., on Friday last. His parents have not heard where he will be stationed.

Mrs. Bertha West called on Mrs. Bessie Harvey Sunday evening. She is still employed at the Abbotts Brook restaurant. The deer have started coming.

GOULD F. H. A. VISITS TRAINING CENTER

On December 11 the Future Homemakers of America of Gould Academy visited with the girls of the Stevens Training Center, Hallowell. With them

ing to be fed again at the restaurant. There are a few that survived the hunting season.

Maurice Parsons has started logging operations at Umbagog Lake.

Earle Janelle is very ill in a Boston hospital. He and his wife reside in Natick, Mass., but have a summer home in Wilson's Mills and have come there for many years.

Mr. and Mrs. Laurie Littlehale of Wilson's Mills with Mrs. Phyllis Parsons of Magalloway were in Berlin shopping Saturday also Mrs. Vesta Bennett of Wilson's Mills, her daughter, Mrs. Polly Jordan of Errol, and Mr. and Mrs. Gordon Bragg, Mr. and Mrs. Mark Harvey and Mrs. Bessie Harvey, all of Magalloway.

the girls took several boxes of useful items for the Stevens girls which the Bethel townspeople most generously contributed.

The girls, along with their advisor, Mrs. Conant, Miss Arbour and Miss Boyce were given a tour through the many buildings of the training center. They were told that there were over a hundred girls there, and the FHAs had an interesting time talking to many of these girls. A few girls were going home for Christmas, but so many of them had no homes to go to. Their rooms and halls were filled with Christmas decorations. The FHAs were quite impressed by the Stevens Training Center. When they left they all realized that collecting the articles for the Stevens girls had, indeed, been a worthwhile project.

The Future Homemakers of America of Gould Academy would like to thank all the townspeople who donated items to these girls at the Stevens Training Center.
